

A wide-angle landscape photograph of a tundra. In the foreground, there is a small, calm pond surrounded by dry, golden-brown grasses. The middle ground is a vast, flat expanse of tundra covered in low-lying vegetation with vibrant autumn colors of orange, red, and brown. In the background, there are rolling hills and mountains, some with patches of snow on their peaks. The sky is a clear, bright blue with scattered white clouds. A large white circle is overlaid on the left side of the image, containing the word "TUNDRA" in bold black capital letters.

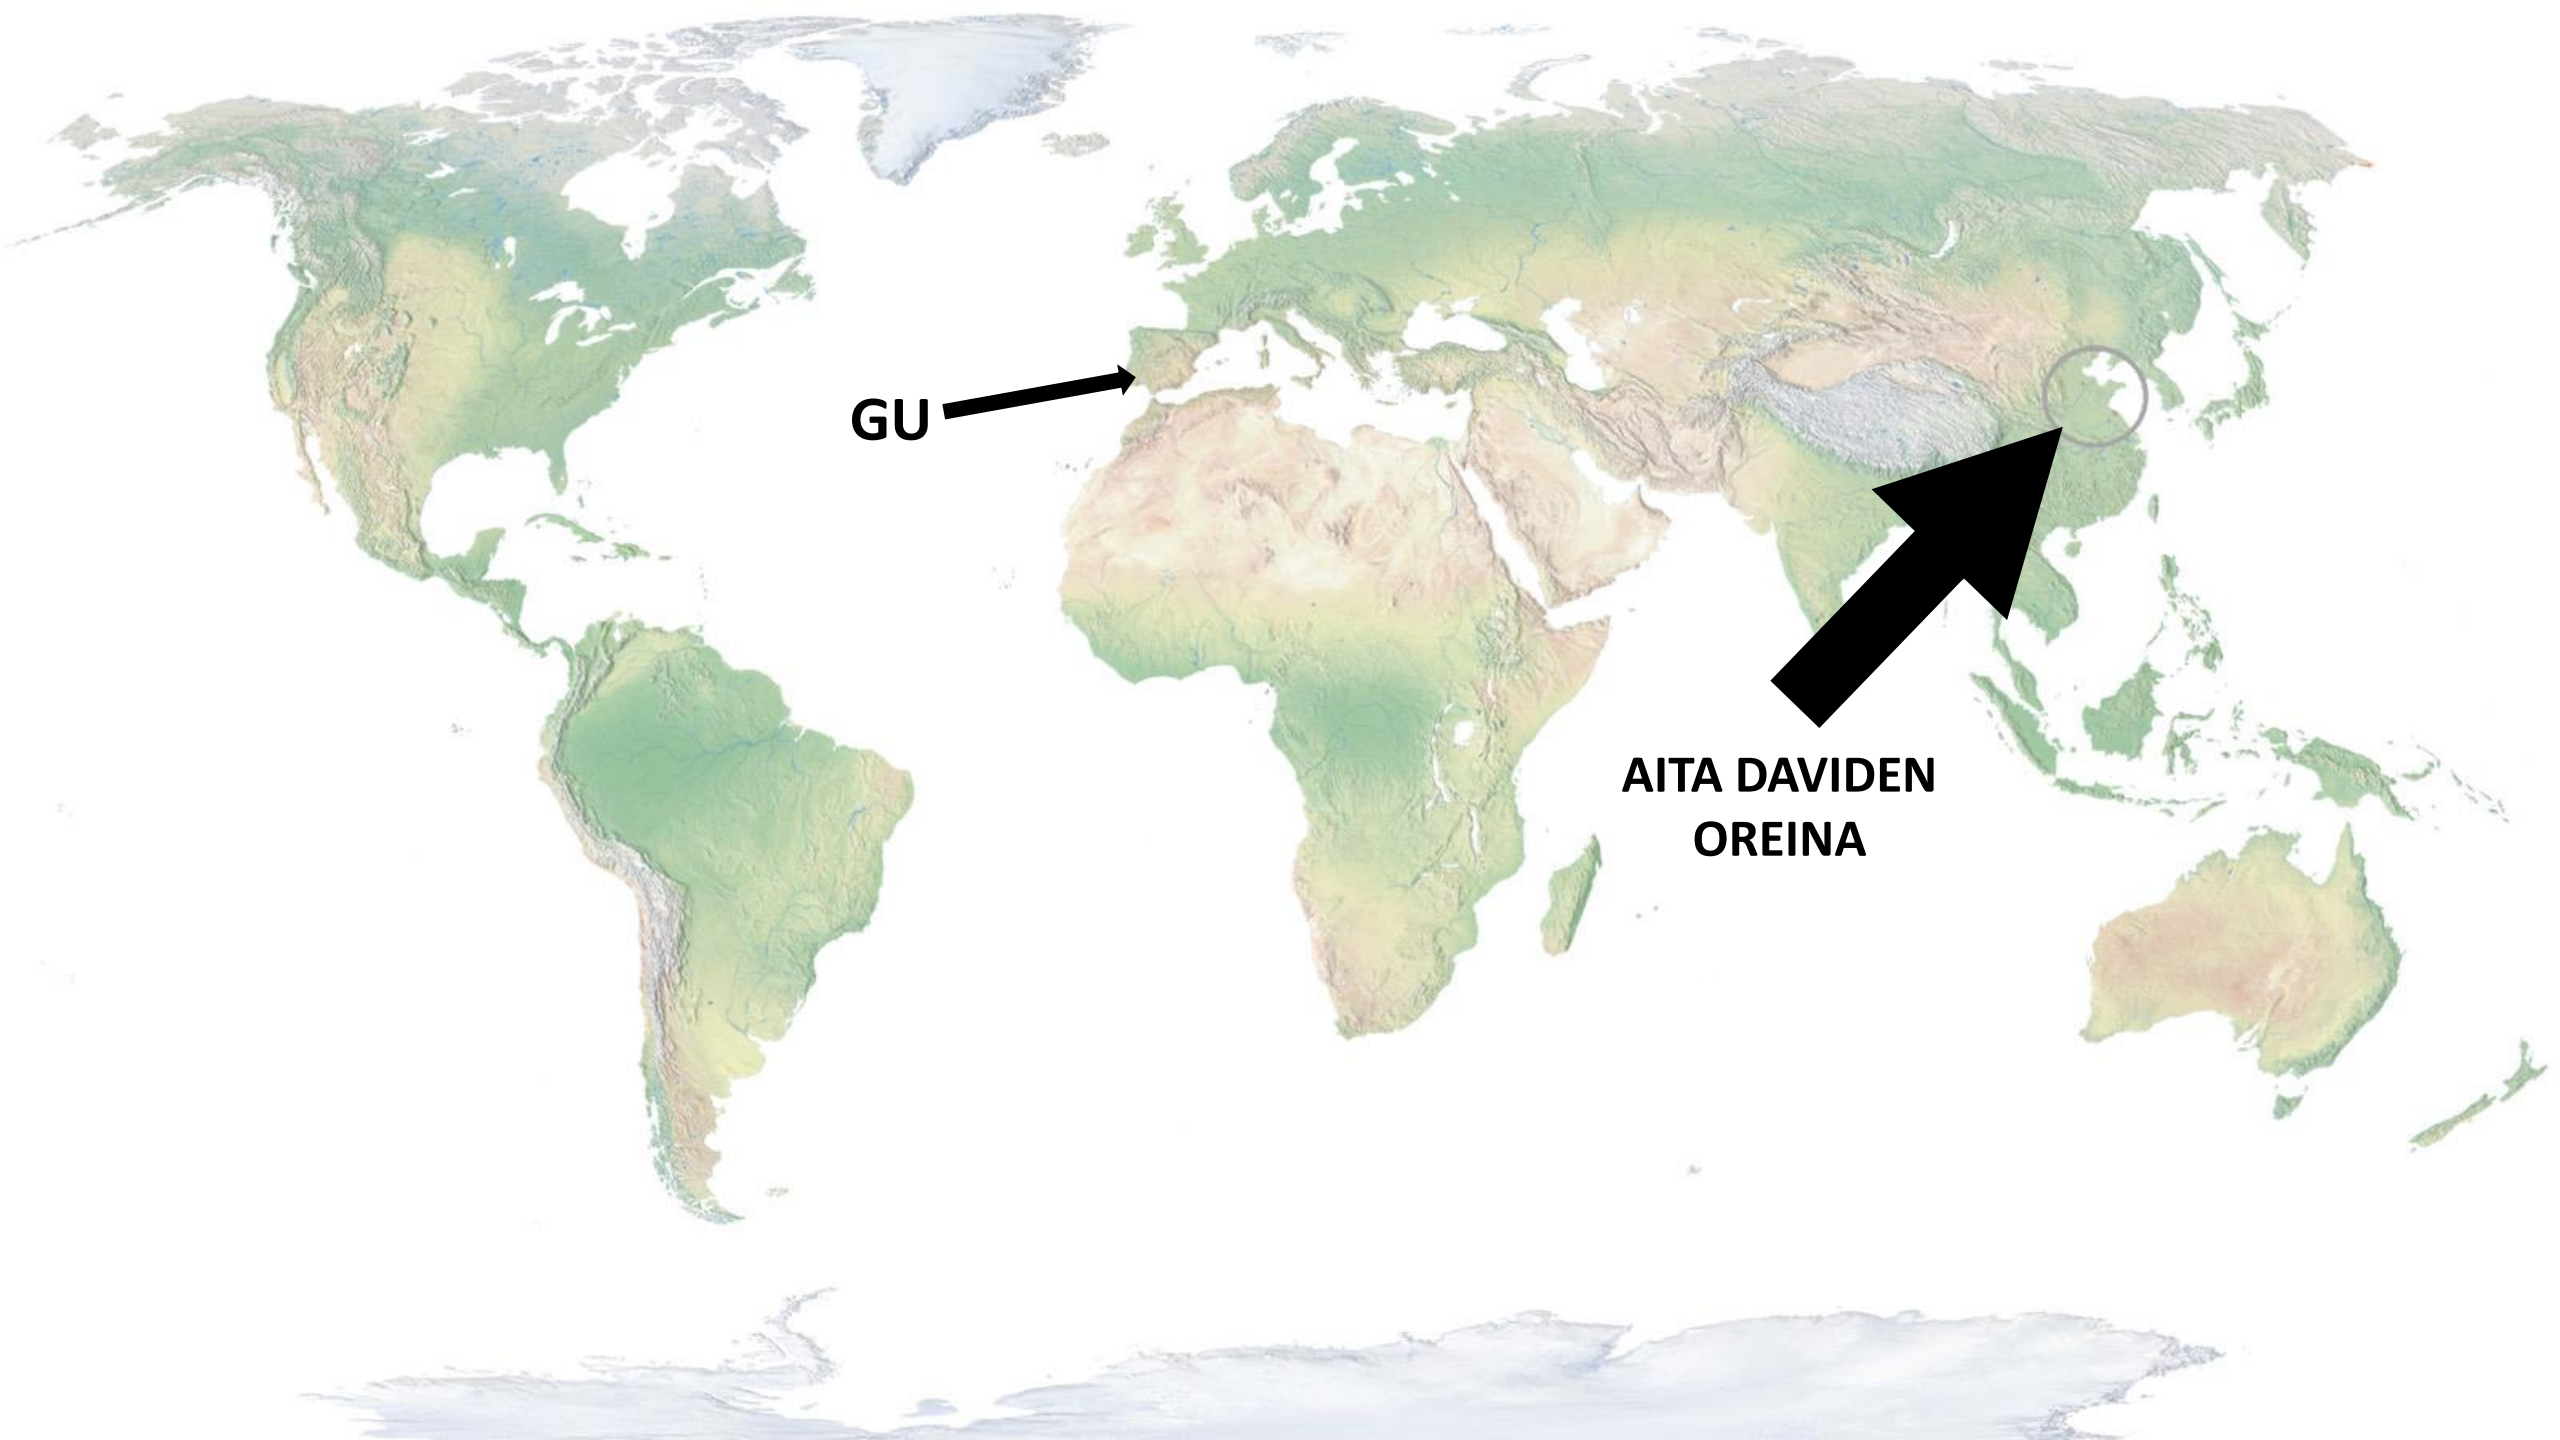

TUNDRA

A large brown stag with impressive antlers stands in a grassy field. The antlers are large and multi-tined, with a light brown color. The stag is facing slightly to the right but looking towards the camera. The background consists of a dense line of green trees and bushes.
