

A vibrant tropical landscape featuring a dense forest of palm trees and lush greenery. In the foreground, a large, textured tree trunk with distinct horizontal rings is visible on the left side. The background is filled with various types of palm trees and other tropical plants under a bright blue sky with scattered white clouds. A white circular graphic is overlaid on the left side of the image, containing the text 'OIHAN TROPIKALA'.

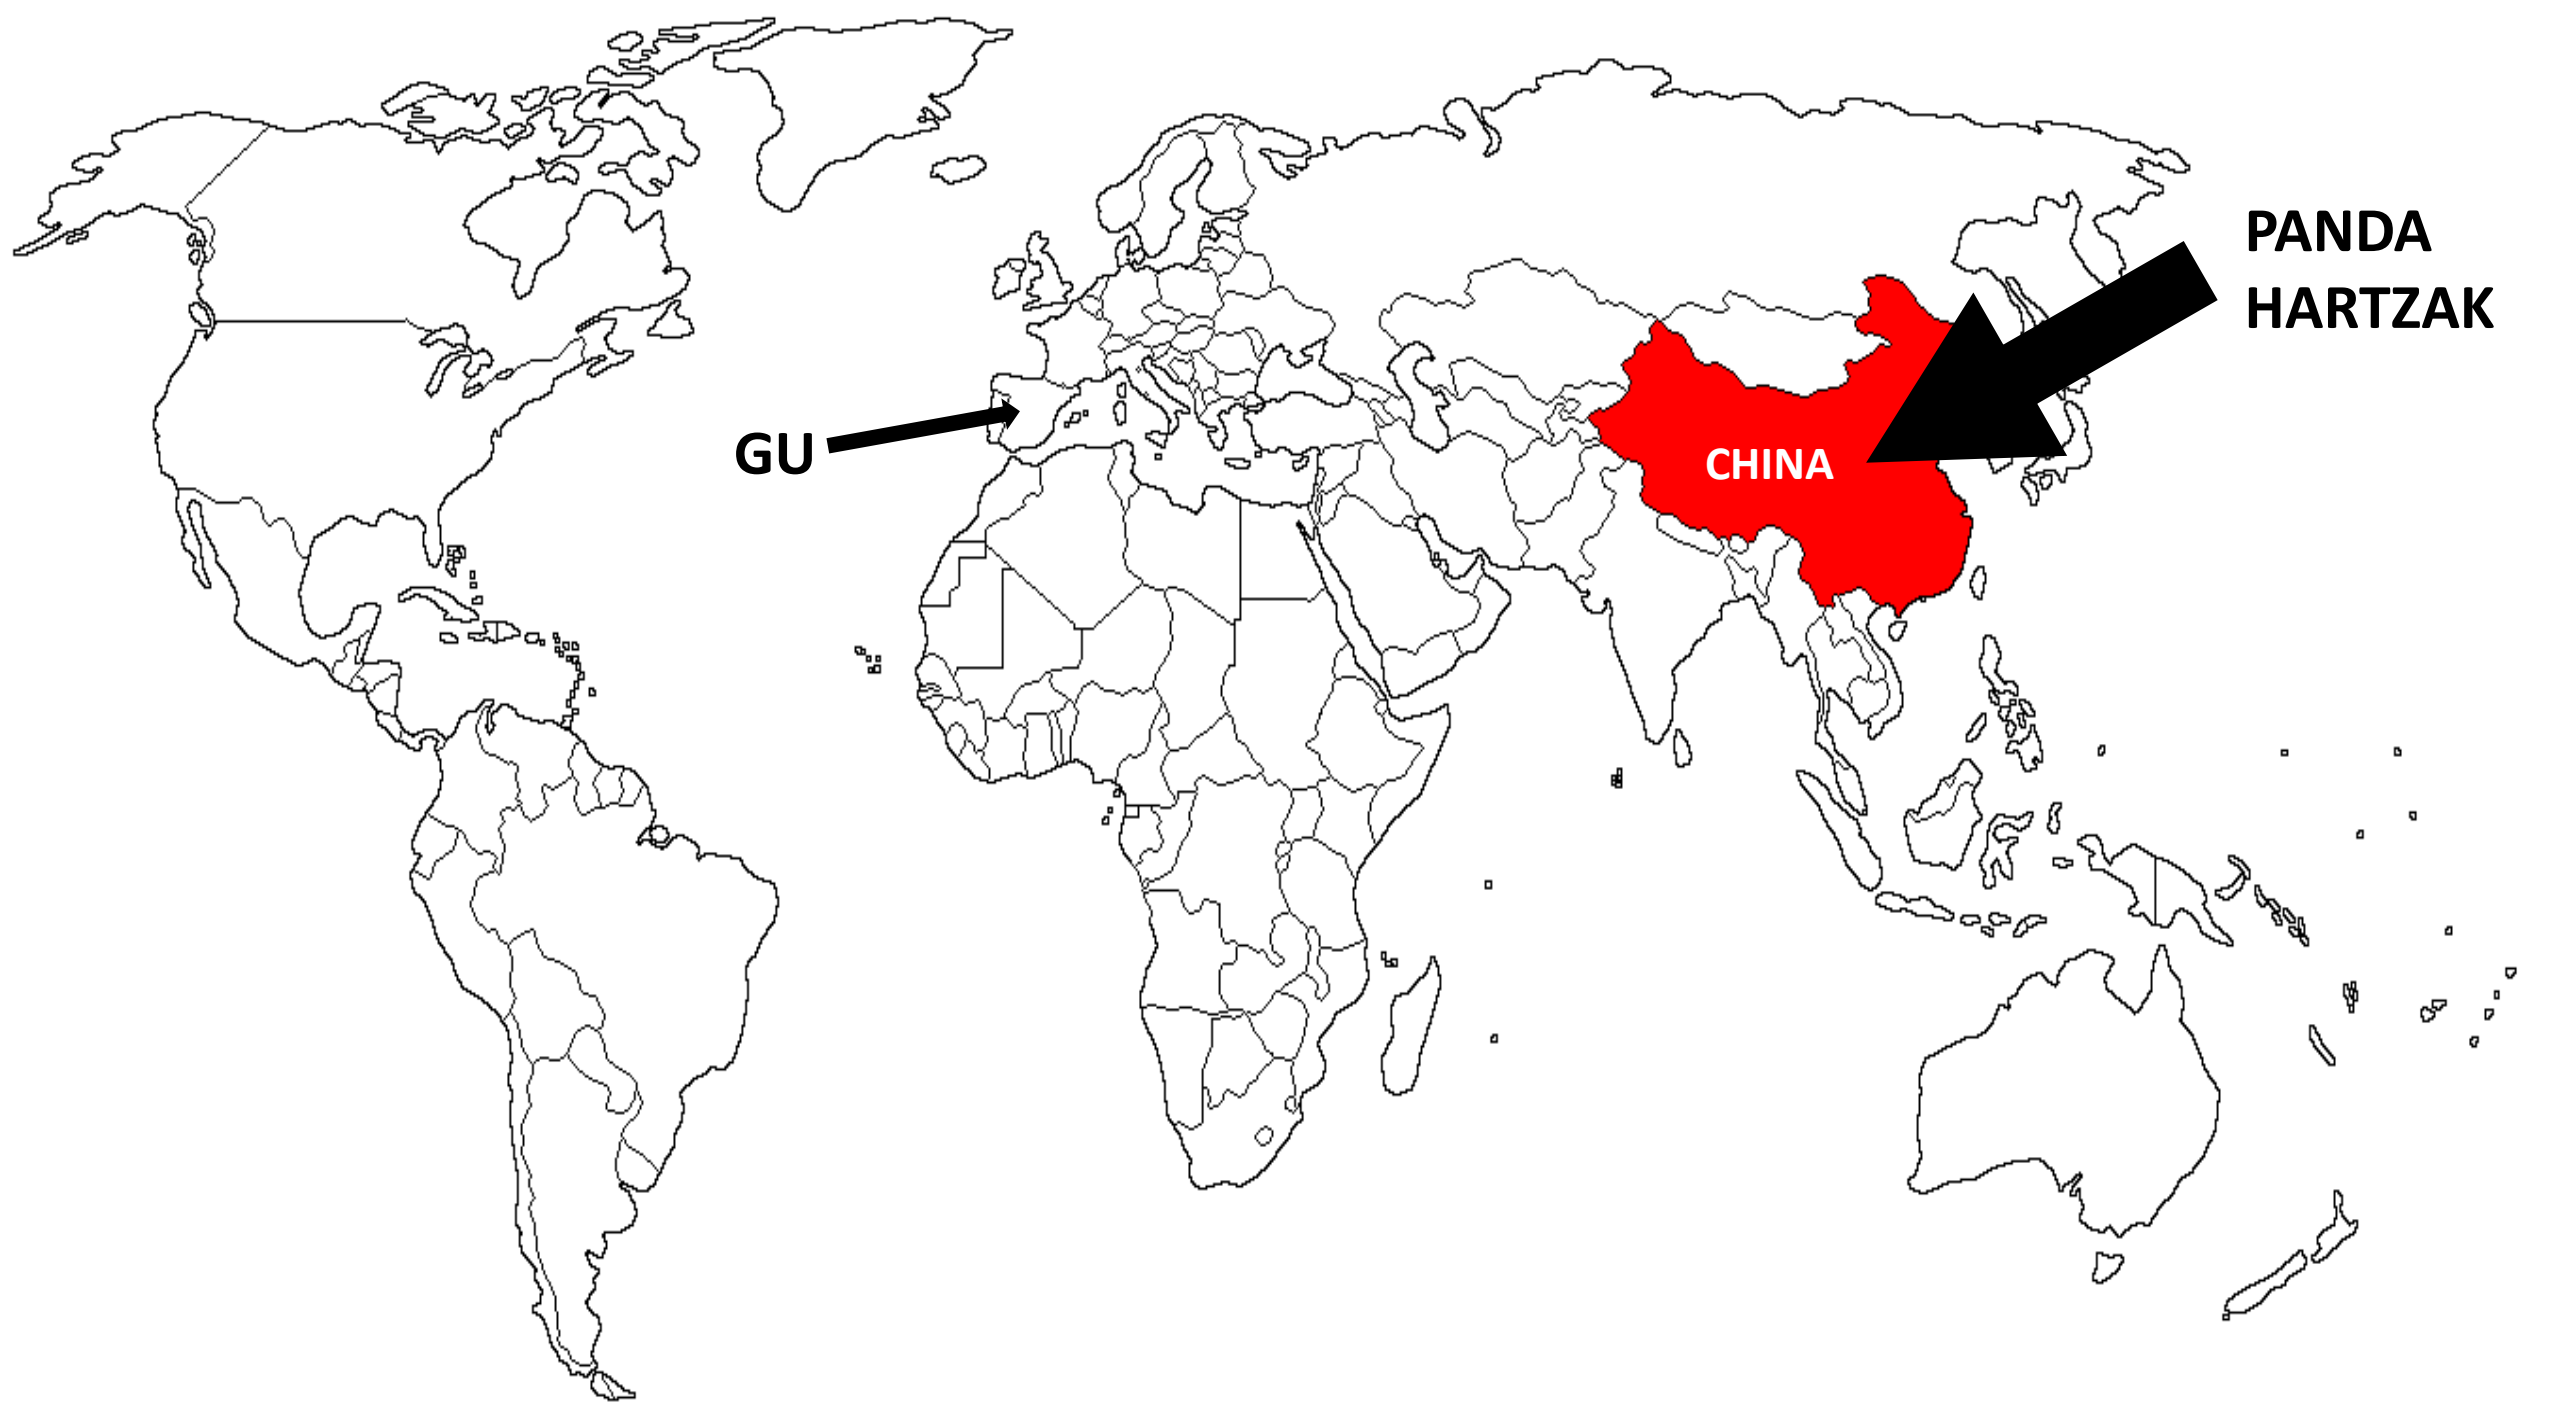

**OIHAN
TROPIKALA**

A giant panda is shown in profile, walking from left to right on a thick, dark brown wooden log. The panda has a thick coat of fur, with black patches on its ears, around its eyes, on its limbs, and a large black stripe running down its back. The rest of its fur is a light tan or yellowish-brown color. The background is a lush green forest with many thin, vertical tree trunks, suggesting a bamboo forest. The lighting is bright, highlighting the texture of the panda's fur and the wood of the log.
