

## ACTIVITY 2: MAMMAL RECOGNITION

Name.....

NAME	IMAGE	DESCRIPTION
Warthog		A really big mammal, mostly gray, with large ears, fangs and a trunk.
Oribi		One of the most similar to us. Very furry, with a long tail and a swelled red booty.
Hippopotamus		A small herbivore, with black stripes on its loin.

<p>Baboon</p>		<p>A big mammal, looks sweet but it is very dangerous. It has strong teeth and lives in rivers. It looks really chubby.</p>
<p>Patas Monkey</p>		<p>Medium herbivore, light fur, thin and with small pointy horns and ears.</p>
<p>Elephant</p>		<p>big herbivore, jumps around and has dark brown fur with light spots</p>
<p>Roan Antelope</p>		<p>It looks like a piggy, but furrer and with big big teeth that come out of its mouth.</p>
<p>Duiker</p>		<p>a big herbivore, brown fur and black face. It has big big horns.</p>

Septemotional  
bushbuck

A small ape with a  
long tail and light fur,  
little ears and really  
fast.
